Generation builders products for Hire and Sale

temporary security fencing

Available in 4 designs to suit both job specification & budget. All size 2m x 3.5m

- PanelWeb HD anti-climb HSG151 (c/w corner brackets)
- HD anti-climb HSG151
- Standard anti-climb panel
- Standard panel

All 4 designs are fully galvanised and have "SMARTWELD Technology" - meaning fully welded joints. Full accessories range also available

hoarding panels

Heavy duty 0.85mm thick Galvanised Steel panels. Size 2m x 2.2m

Can be powder coated to customers personal requirements. (Sale only)

A full range of accessories are available to provide the solution for even the most demanding site security requirements. To include:-

Heavy duty couplers, stabiliser arms, block trays, block retaining straps, anti-lifting devices, 400mm mesh extension panels, privacy infill channels and ground skirts, and pedestrian and vehicle gates

crowd control barriers

Available in 2 different designs. Both size 1.1m x 2.5m

- Cowhorn foot barrier:-

Fixed horn style feet. Fast to assemble and very rigid

- Crowd control panel:-

Detachable foot barrier. Can be used with either a double-flat foot, or thermoplastic / concrete foot. Strong & versatile

Both barriers are pre-galvanised and are fully interlocking

Can be powder coated in red & white. Pedestrian walk through frame also available

soft landing bags

Available in 2 sizes. 2.5m x 550mm x 550mm. 1.25m x 550mm x 550mm.

Simple to use and easy to install, the soft landing safety system is designed to answer all the needs of your fall from heights risk assessment.

To quickly erect and create a soft landing floor area simply start in one corner and lay bags in the opposite direction to the joists, clipping the bags together until the whole floor space is covered. This system is approved by safety officers, made from 75% recycled materials and is virtually unaffected by weather conditions

timber scaffold boards

Grade "A" quality banded scaffold boards. Available in sizes:-

- 13'
- 10'
- 8'
- 6'
